Hanged Himself With Handkerchief.

Joseph Ricketts of Pekin, Ill., recently committed suicide by hanging himself in his garret with a handkerchief. He had been intoxicated for several days and returned home to find one of his children dead. Without notifying his family of his intentions he went upstairs, and, tying a handkerchief about his neck, hung the loop over a door, dropped to his knees and strangled to death. He was a railroad engineer and leaves a wife and twelve children.

## No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indigestible weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and enervated system, with very marked effect by way of improvement."

"We regard it a great tonic and blood purifier."—J. F. Dubs, Princeton, Mo.
